

HOW DO I ZOOM?

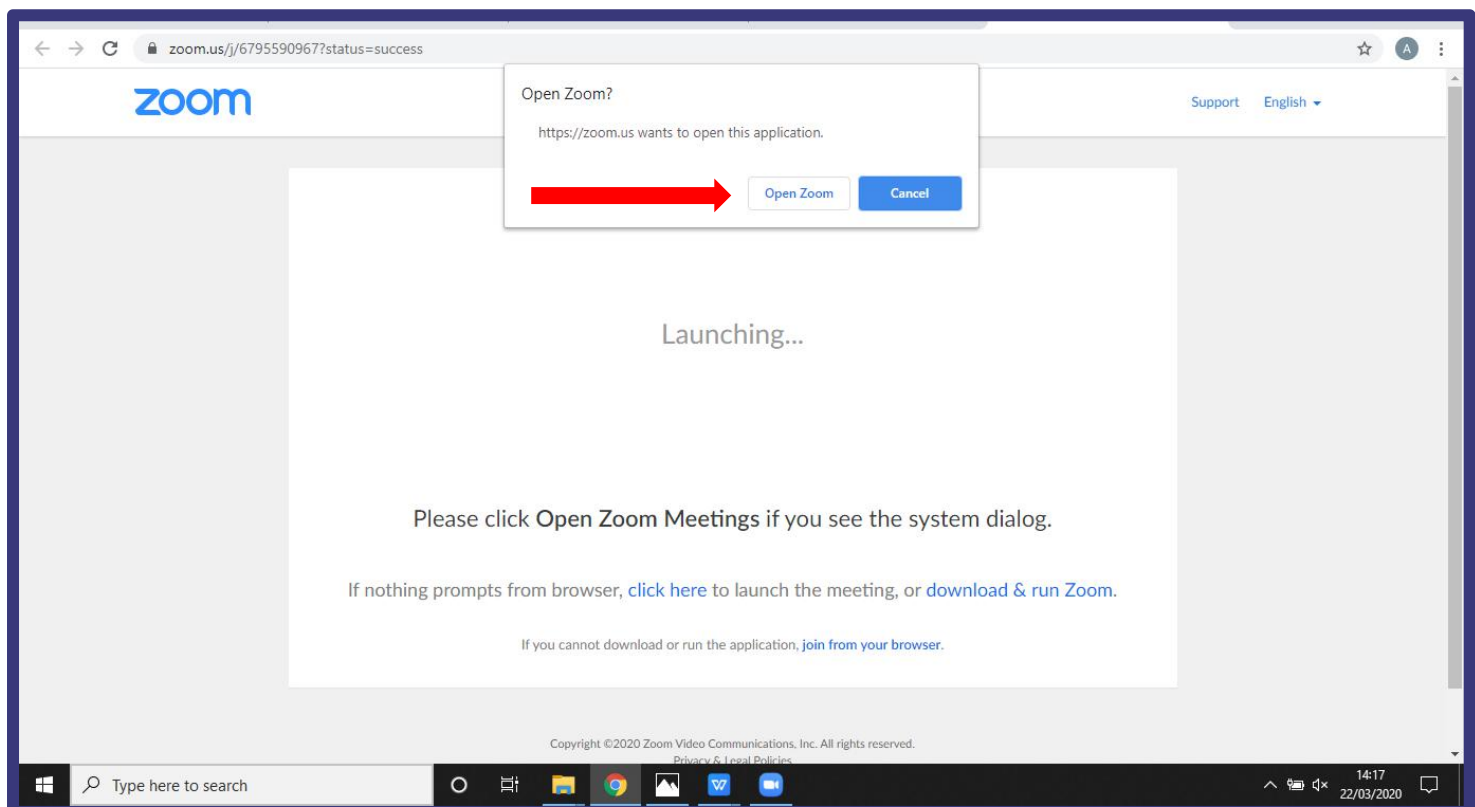

Step 1: CLICK THAT LINK!

The meeting room will be open half an hour before start time. Log on early to make sure you have it all figured out before the fun starts. Click the meeting link in your email. It should go straight to the meeting, but if you see the below, you might have to create a free account.

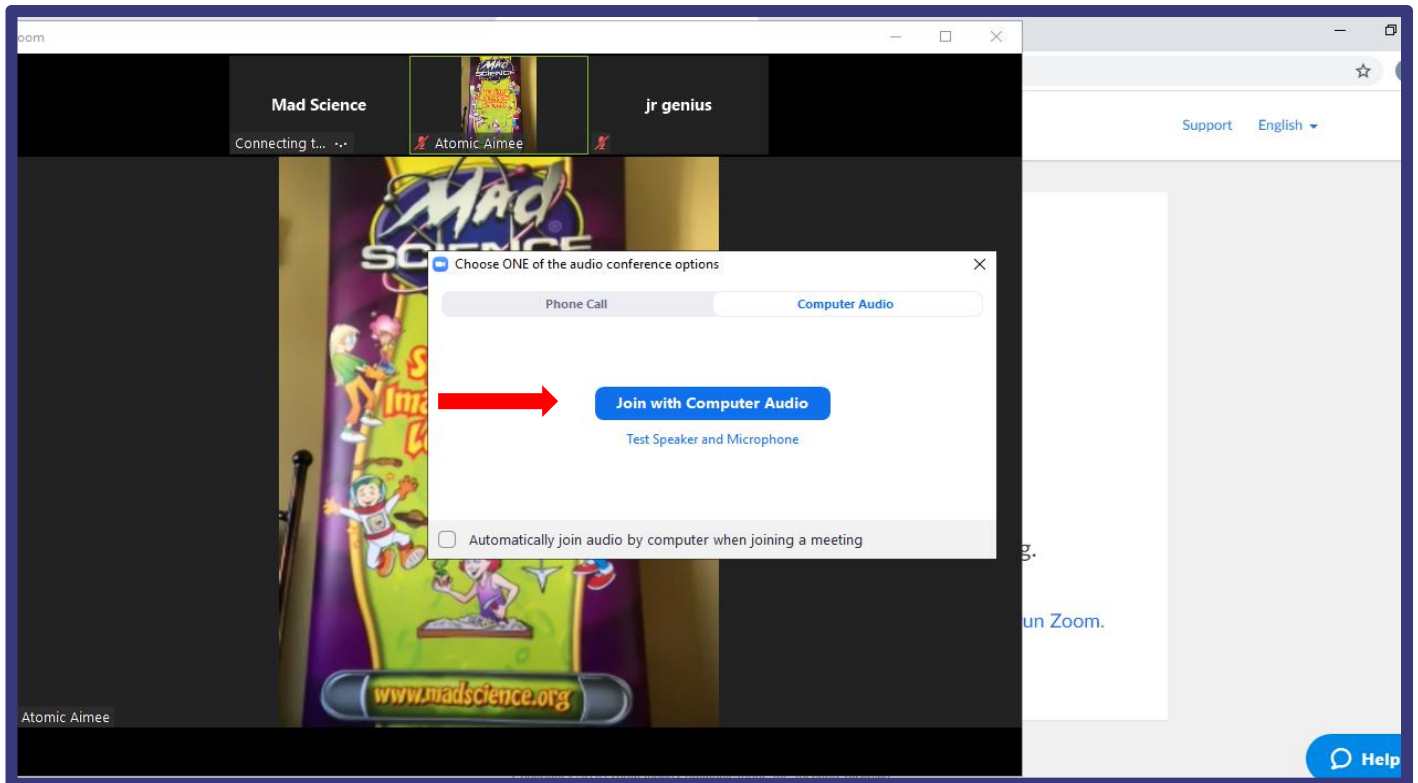

Step 2: COME ON IN!

You will get to a screen that asks about running zoom, choose OPEN ZOOM.

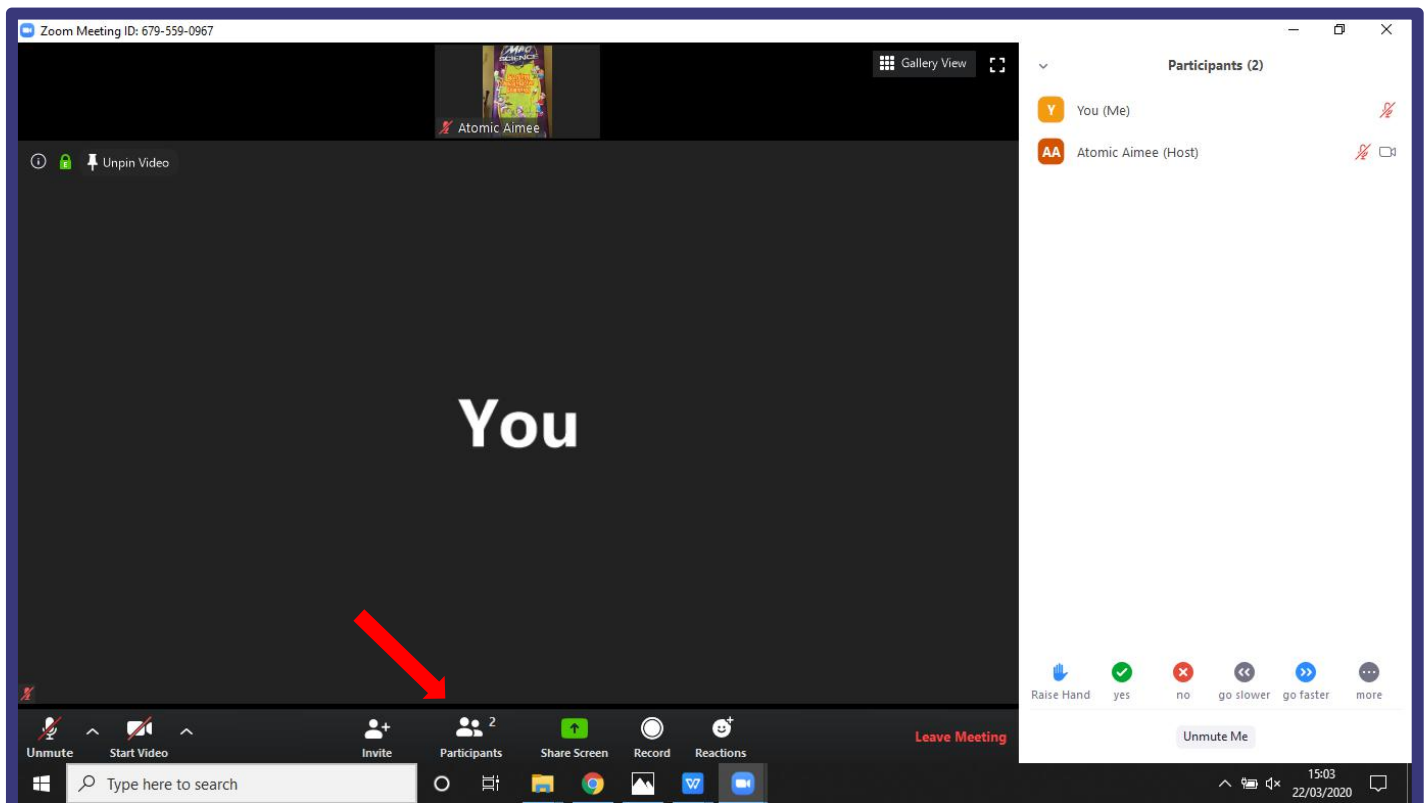

Step 3: CAN YOU HEAR ME?

When you enter the meeting, you will be given audio options, choose JOIN WITH COMPUTER AUDIO. Your microphone will be turned off but you are allowing it to be turned on later if you want to ask a question. Please note: ONLY THE MAD SCIENTIST VIDEO WILL BE ON, and your microphone will not be turned on unless you raise your hand to ask/answer a question and only after you have accepted it being turned on.

Step 4: YOU'RE IN!

Get started by maximising your window at the top and then if you click your cursor on the middle of the screen the bottom menu will appear. Click PARTICIPANTS to open your side menu.

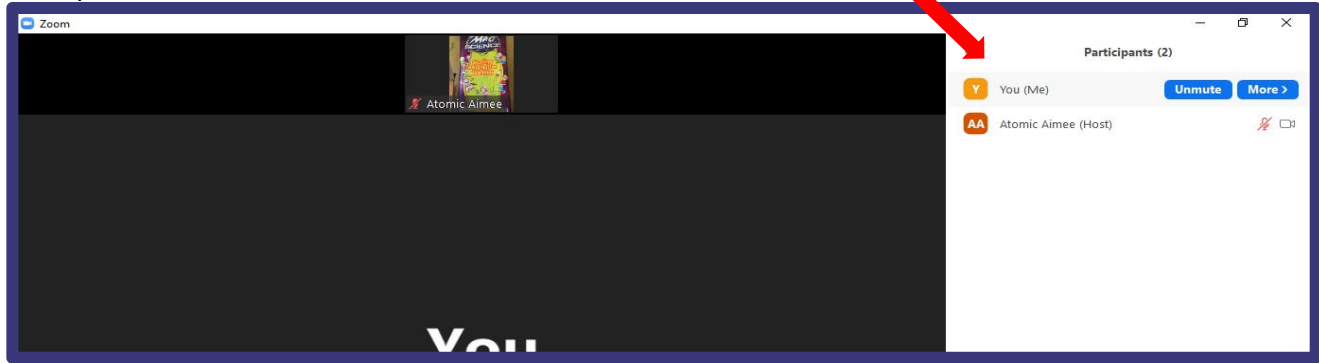

Mad Science of Hertfordshire & Bedfordshire

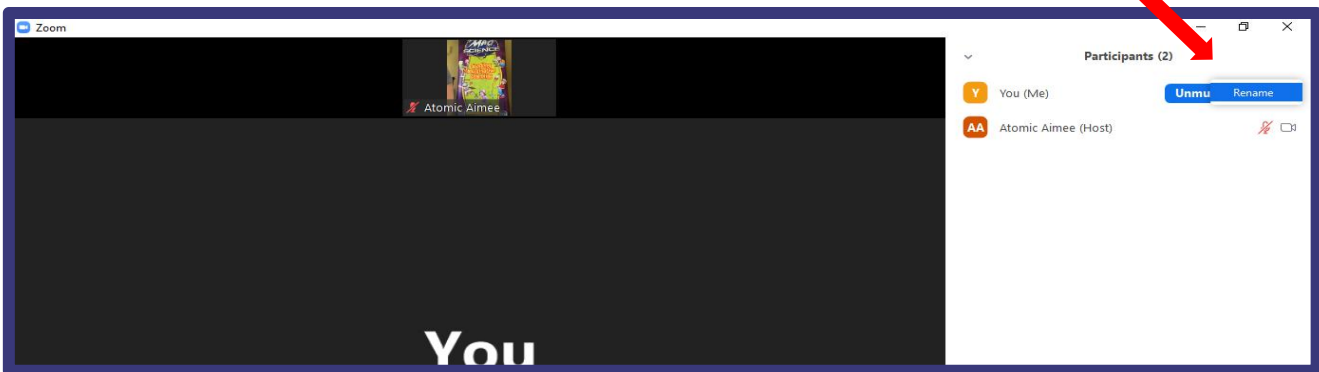

WEB: hertsbeds.madscience.org EMAIL: aimee@madsciencehb.co.uk

Step 4: CHOOSE YOUR ALIAS!

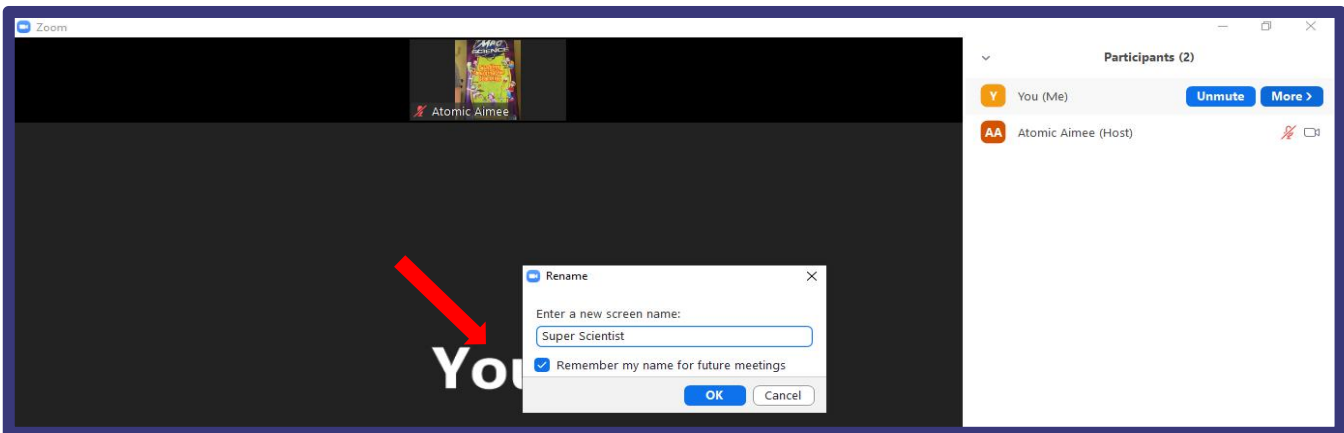

For safeguarding and security, you need to create an alias as soon as you join. Click on your name in the participants list.

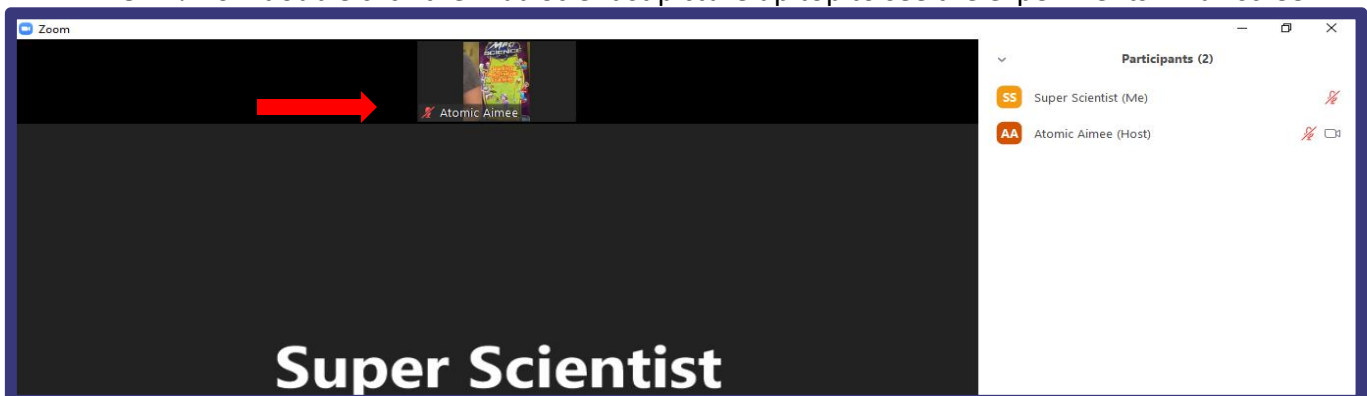

Click MORE then click RENAME

Choose a name, it can be something funny, scientific or interesting. Try an adjective and a noun like Spikey Slime, The Fab Family or Bubbling Bob...as you can see we love alliteration at Mad Science. Make sure that you tick REMEMBER MY NAME FOR FUTURE MEETINGS.

WELL DONE! Now double click the Mad Scientist picture up top to see the experiments in full screen.

Step 5: GET INVOLVED!

Throughout the session, the Mad Scientist will ask questions that you can answer. You can use the green tick or red cross to say yes or no. If you would like to speak in the group to ask or answer a question, you can use the RAISE HAND function. You will see a notice that your microphone is on. After you speak, your microphone will then be turned back off and the Mad Scientist will lower your hand. As time is limited, you may not get to ask/answer any questions during the presentation. Don't worry, there will be a question and answer section at the end of each lesson.

Step 6: SEE YOU NEXT TIME!

When the sessions finishes, and you are ready to leave, click leave meeting. See you again soon!
